The whole building!!***

Our work to prepare for the future as a “threshold congregation” of the Southern New England Conference of the United Church of Christ continues into the new year 2025 on this day! Last year’s *Threshold Retreat* was phenomenal, providing us valuable insights and goals for moving forward. Much has been accomplished this past year and more remains to be done. Our work of discerning “what’s next” continues as we envision new possibilities for our small, vital congregation and brainstorm together to make them happen. *Everyone’s voice is needed!*
